Program Notes

The **Phantom Tollbooth** is a story for young people. We have taken parts of the story and developed for you a short play. We have not tried to be realistic, but rather we ask you to use your imagination to supply the necessary details to make the story come to life.

The play has several levels. We think that it is entertaining. Also, we think it will help develop your imagination, and you will be able to see that words and numbers can cause problems if we don't listen very closely and try to understand each other.
